

# Team Danger Zone

## Members:

Alexis

Kepano, Glenn Craven, Destany Brown

## Summary:

We are analyzing U.S. crime and creating different visualizations based on crime type and location. Users will be able to select the state to see the top crimes in that state.

Team Repo: [https://github.com/Alexis-Kepano/Team\\_Project2](https://github.com/Alexis-Kepano/Team_Project2)

## Potential Data Sets:

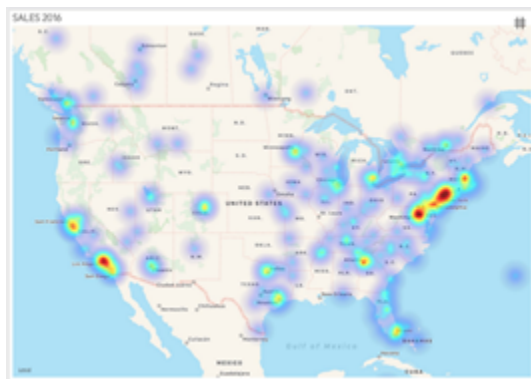

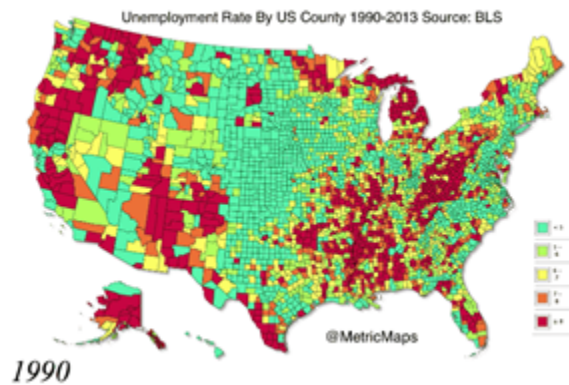

<https://crime-data-explorer.fr.cloud.gov/api>

<https://www.programmableweb.com/news/10-top-apis-crime/brief/2020/02/29>

<https://www.crimeometer.com/api>

[CrimeScore - Location Crime Rating and Safety Formula \(yourmapper.com\)](#)

## Potential Inspiring Visualizations:

Sketch: Display US Map > User to select state> Fly map to state select> display crime Stats > move page back to home page.
